Hello, [Not responsive due to revised scope] Here is the response I received from the region's FOIA coordinator:

Since the requester only asks for email exchanged between [morton.gary@epa.gov](mailto:morton.gary@epa.gov) and the office of [@casey.senate.gov](mailto:@casey.senate.gov) since February 1, 2017", I think just the email address should be fine. It appears that he just wants emails exchanged between the two offices, not necessarily records that might mention Bob Casey.

So you can run just the e-mail address. Thanks for checking.

Hi Virginia and Cathy,

We have received your above-referenced request, and just wanted to follow up to clarify the search terms you would like us to run. The request listed "Bob Casey ([casey.senate.gov](mailto:casey.senate.gov))". Would you like us to run both terms (with either an OR/AND in between), or just one (either the full name, or just the email address)?

Thanks!
